

20 September 2005

To whom it may concern,

Andrew Thomas - Reference

Andrew worked for 2 weeks at JDA, working as designer and developer in the Interactive team.

Keen to show his range of skills and attitude to work, Andrew carried out a variety of design and development work for a range of clients, such as ASDA, Royal and Sun Alliance, Parador Properties, The IP Trust and Welcome Car Finance.

The work Andrew produced was to a high standard, showing an enthusiastic approach at all times. Andrew worked hard to ensure all work was completed on time, this meant him working some longer hours for the Interactive team.
